## ***Stribus, the brand of large automobile manufacturers.***

Stribus Automotive Accessories Catalog, the brand of large automobile manufacturers. As a benchmark in Brazil for automotive accessories, since 2001 Stribus has conquered its position as a market leader with its DNA focused on INNOVATION. Pursuing and valuing innovator design, reverse engineering, lean manufacturing and correct tooling design, the company has been able to frame an innovative idea at any audacious project ensuring a result that will exceed expectations.

By generating tendencies, Stribus is in the vanguard of the Brazilian automotive accessories market, valuing quality, excellence and sophistication. This position as a market leader results in the high penetration and expansion of Stribus business around Brazil and Latin America, being an approved supplier for big OEM such as Ford, Mitsubishi, Suzuki, Nissan and Renault.

Andrei Diz Acosta

RUNNING  
BOARD

# OFFROAD

Aiming at consumers with a concept of seeking a closer contact with nature. For people who want to use their vehicles to overcome difficulties on a number of different kind of roads: dirt, mud, with erosion, steep slopes, in summary: **seeking for adrenaline**. People that enjoy a little bit of danger. For this type of terrain, robustness and strength are essential; this is what our off road running board offers.
